PROFESSIONAL EXPERIENCE

ONE OUTSOURCE DIRECT CORPORATION

Makati City

Intern

Dec 2025 - Apr 2026

- Developed a dynamic and responsive front-end web application for a Customer Relationship Management (CRM) system using **React**, **TypeScript**, and **Shadcn** (Tailwind).
- Used the **Tiptap** library to create a rich text editor system for the Customer Relationship Management system to let the user create a proposal document template within the system.
- Developed a Task Management System for the Sales Department's CRM system.
- Created business process user interface and user experience using the **Visily** website for the Employee Management System (EMS) mobile application.
- Established a business process system design with **Role-Based Access Control** (RBAC) for the EMS mobile application.
- Obtained approval for the One App Mobile system design from our department manager.
